## Final Seeding Tables & Playoff Brackets - Girls

Congratulations to all teams on their seasons!

The attached table shows girls' teams, by division, by team, and the results that affected the final seeding of each team. Due to a combination of COVID cancellations, teams dropping out, teams combining, and games not being played the results had to be scrutinized and optimized to make sure that the most games could be counted for seeding and keep the average number of games to as close to 6 as possible for the season divisor. The model makes a lot more sense when both teams' scores are counted but this meant we couldn't get to an even 6 for everyone (as some didn't play 6 in total). In the cases where some have 7, that was done in order to bring others to 5 or 6 games. Only taking half a result of a game disproportionately affects the opponent history for subsequent games, so it is better to adjust the multiplier for more or less games.

In a traditional season, all teams would have the same number of games. We look forward to having that be the case next year.

Please email [Competitions](#) if you have any questions.

### Girls Final Table

#### Large School/D1

Final 6/5	Semis 5/29
Brunswick (1)	
vs	Mentor (2)
	Medina (3)
