## Fall Registration

Nice work in getting the teams set! Now we move onto registration. Coaches and players must register in order to participate in the season. The season fee is \$85, plus all players will renew their CIPP registration with USA Rugby. Those who play now will not have to pay the national fee again in the spring.

If a team does not have the required number of players by next Wednesday, 9/22, the schedule will be rewritten to reflect team numbers as of that date. Rugby Ohio will not add sides after that date. Teams without 9 registered players will not be able to play. Teams with 18-26 players will have 2 sides. Teams with 27 or more players will have a third side.

Every team must have currently registered, SafeSport trained, background checked coaches. Only these coaches are permitted on the sidelines on game day. Please take care of your compliance items ASAP. Sportlomo did complete a number of improvements to this process so you should have an easier time than you did last year. Contact [Allison](#) if you need assistance.

World Rugby has implemented [welfare-focused law trials](#) globally. Please review them and ensure that your players are aware of these changes.

Please also review the [7s policies](#) regarding substitutions and rostering. Rugby Ohio Policies & Procedures are still in effect on the whole. These documents can all be found on the Rugby Ohio website, on the Officials/Coaches page, under [Reference Documents](#).

## Revised Schedule

The schedule has been revised based on your input. Please review it again. We are going to wait to release the schedule for the season until right after Week 1 finishes.

All northern boys' teams will play together in one pool. This means you'll play every team once and only a

couple of teams twice. Competitions will work to ensure that the teams you play twice won't be mismatches as much as possible.

As we progress through the regular season weeks, performance will dictate which boys' teams move onto the competitive bracket for the Finals on 11/7. (If the screenshots below are blurry, click on Week 1 North to download the PDF.)

## Advanced Skills Training

This past July, Capital City Conference Commissioner Chris Schade piloted a series of new skills sessions. These are designed to supplement your practices, not replace them. Each session will have a focus item or two and guest coaches will be brought in to help with specific skills. Rugby Ohio is pleased to report that the pilot program was a success and these will now be introduced in each region around the state and offered on a monthly basis. The first two expansion programs are being offered in Cleveland and Cincinnati in October, while Columbus will continue with its sessions.

The experts who are onsite working with the kids at these camps have incredible knowledge and any coach who happens to attend and participate will benefit from seeing their drills and strategies. We look forward to hearing how you use what you learn with your own team.

Guest coaches have already included Johnny Jackson (Strength & Conditioning coach & 20 year int'l player), Tom Rooney (OSU Rugby Coach), Derek Patick (Miami, Sciota & Maccabiah Games), Allan Hanson (Ohio Aviators & Austin MLR) and David Stauder (OSU & Sciota Valley). This list will continue to grow and we are so appreciative of these talented specialists and their willingness to grow the game with us.

Sessions will move indoors for November through February. If you have an indoor space we can use, we'll offer a reduced rate for your players. Sessions are \$25 each. Please contact [Schade](#) for more information.
