Turn right onto Parsons Ave for 0.2 mi. Turn left onto Children's Dr for 302 ft. Turn right to stay on Children's Dr for 361 ft. Look for "EMERGENCY" signage and follow to Emergency Room.

MEDICAL PLAN

A Rugby Ohio sanctioned Athletic Trainer or Medical Professional MUST be present for any and all games.

In case of an injury the procedure will be:

If injury occurs during warm ups or outside of a schedule game the athlete should report to the Athletic Trainer for assistance. Injuries occurring during the game are the responsibility of the Athletic Trainer with assistance of the Medical Director or Coach. Athletic Trainers have full authority to remove any player from the game for any medical reason. The Athletic Trainer will conduct a primary on-field assessment. If the injury is not serious the medical staff may bring the athlete to the sidelines and conduct a secondary assessment. Together the Athletic Trainer and Medical Director will inspect the athlete and determine if the ambulance is needed for transport to the hospital. The medical director will assist in organizing hospital transport for the athlete by private vehicle (with family or friend) if an ambulance ride is declined. All injuries that result in removal from a game will be recorded in an "Injury Incident Report" by the Athletic Trainer that administered treatment. The medical director or Coach will collect the reports at the end of each day of competition. This report will be submitted to Rugby Ohio.

If there is a dispute over the medical care of an athlete this must be brought to the attention of Rugby Ohio and the incident will be recorded in writing. Situations such as this will be dealt with on a case-by- case basis.
