

High School Divisions

The divisions are set each year based on actual registration data. There are four categories for competition: Super, Single School, Competitive Club and Flex. Teams are assigned to either Single School or Club divisions as determined by the makeup of each club. All teams have an opportunity to participate in the post-season events. Below are the divisions for this season. Playoff dates can be found at the bottom of the newsletter.

Good luck to all teams!

Rugby Xplorer App

The Rugby Ohio spring season will be managed through Rugby Xplorer's competition management system. They have an app you can use for registration and to follow your team throughout the season.

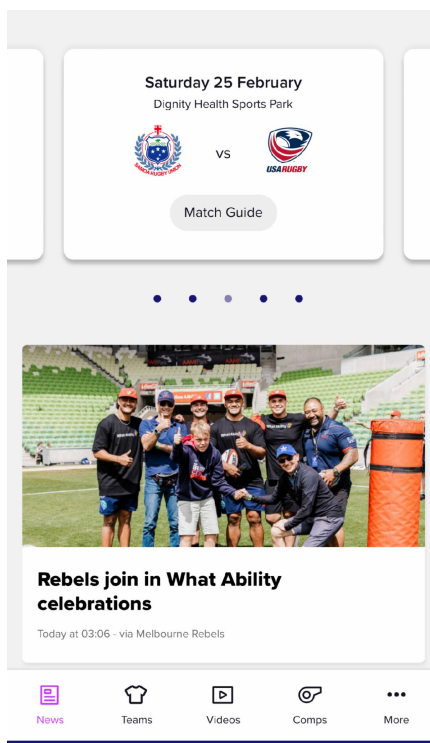

The app will open to a screen showing rugby news. There are icons at the bottom of your screen for News (default), Teams, Videos, Comps and More. Here's an explanation of what you'll find under each:

Teams: click here to see and manage the teams you follow. Click on the plus sign and you'll see drop down menus for National, Super Rugby, Super W, AUS Community Club and USA Community Club. Some teams are selected by default under National. If you don't want to see those teams in your news, just unclick on them. Our teams are found under USA Community Club. Search for your team and add to your Teams.

Comps: Once you follow a team, any competition they are entered in shows in the dropdown menu at the top of the page. Spring matches will be found under Rugby Ohio 2023 Spring 15s League Games or Rugby Ohio 2023 Spring 15s Non-League Games. Within those competitions, you'll find all matches, results, lineups, stats and the standings are shown in the League Games competition. You can also view the ladder to see records of other teams participating.

More: Manage your profile and Register options are found here.

This is only the beginning of this new system. New features, and some improvements, will be added before the new registration cycle begins in September.
