

Playoff Seeding

Thank you for your patience as we worked to ensure that everything was in place properly after the close of the regular season. In the spirit of continuous improvement and listening to the clubs, we have decided to upgrade the seeding system to mirror the OSHAA logic further, while still keeping our word to teams who were assigned matches against Super Division teams that they would be rewarded for those matches, win or lose. In real terms, we've removed secondary points for losing assigned games, unless those assigned games were against Super Division teams.

Due to a number of unforeseeable circumstances this year, the model was displaying a number of inequitable results. For instance, an 0-5 team was seeded higher than teams with winning records. In short, it didn't pass the smell test and we've done our best to fix that equitably. To be clear, members of the competitions committee who are on the coaching staff of impacted teams did not vote on this change.

All teams are invited to the playoffs. A detailed explanation of the seeding formula can be found [here](#).

Best of luck to all teams as we begin the playoffs!
