

# THE BREAKDOWN

## Fall 7s Participating Teams/Sides

The fall season runs from Sunday, September 24th through Sunday, October 29th. The first 5 weeks will be played in both the north and south and then the Fall Finals will be held in Dublin on October 29th.

We've been working up schedules with placeholders for teams. Please confirm your participation by sending an email to [bradfieldry@rugbyohio.com](mailto:bradfieldry@rugbyohio.com) and indicate how many sides you expect to have. At 18 players, you are able to have 2 sides. At 27 players, you are able to have 3. The goal is for each side to have 3 games weekly.

## Atlantis 7s Clinic & ID Camp

To kick off the fall season, Atlantis will be hosting a Player ID and 7s camp. Atlantis has been a great source of additional player opportunities for Ohio players over the years. This is the first camp they've held in Ohio in many years.

Registration is through Atlantis. The time is tentatively set for 10am to 2pm. If demand warrants it, we will split into two sessions, with boys and girls split into one morning session from 9am to 12 noon and one afternoon session from 12:30 to 3:30pm. Information will go out to all players and via social media once the registration site is open.

**ATLANTIS 7s CLINIC & ID CAMP**  
**SATURDAY, SEPTEMBER 16, 2023**  
**RUGBY WORLD, 4785 AVON BELDEN ROAD, AVON OH 44011**

## Spring 2024 Schedule

The Competitions Committee has met several times since the spring season wrapped up. Scheduling will be done a little differently for Spring 2024. Teams are assigned 6 opponents, 3 home and 3 away. Teams are given a start and end date to fit their games into (March 4th to May 5th). This approach to scheduling will only work if coaches are attentive and responsive throughout the scheduling process. These 6 matches make up each team's league games. As we continue to grow, teams will have an even bigger range of needs with respect to their scheduling. This approach is an attempt to make it easier for each team to schedule in a way that works best for them.

Coaches should begin contacting each other as soon as possible. It is understandable that some adjustments will be needed over the next few months. Some teams won't be able to confirm their home field availability just yet. With that said, they can come up with a good idea of their 3 required home games and schedule tentatively. As teams submit their schedules, Rugby Ohio will fill in a grid schedule like the ones we've used in the past and make that available for viewing through the Coaches page of the Rugby Ohio website so that you can see when teams are playing and when they have openings in their schedule.

We look forward to trying this new approach. We cannot stress enough that waiting until 2024 to write your schedule will make things extremely difficult for you. Please submit your home game schedules to [competitions@rugbyohio.com](mailto:competitions@rugbyohio.com) no later than December 31st and sooner if you are able to.

## November T&E Weekend

Rugby Ohio is working with USA Rugby's Training & Education department to put together a comprehensive T&E weekend in central Ohio. More details will be forthcoming as soon as dates and locations are confirmed but the requested dates are 11/4-5 and 11/11-12. The courses offered will be:

Level 1 Coach (Sunday) & Level 1 Referee (Saturday)  
 Level 2 Coach & Level 2 Referee (both are 2 day courses)  
 Coach of Match Officials  
 Strength & Conditioning

The plan is to heavily advertise this weekend and schedule it as the only guaranteed training weekend before the spring season. We'll have hotel room blocks and there will be a dinner/social on Saturday night.

In the meantime, if any coaches need a Level 1 Coach course before the fall season, there is one scheduled in Warsaw, Indiana on this Saturday (July 29th) and one in Pittsburgh on August 13th. Please register through your Rugby Xplorer profile by clicking on the Learning Center and selecting the Level 1 Coach course. All high school (and contact) coaches are required to hold this World Rugby certification.
