

Olympic Bronze for Team US

Congratulations to the USA Women's Sevens team on earning the first Olympic medal for the United States in Rugby Sevens! The men played well but just had a very tough pool with both Fiji and the gold medal winning French team. In case you missed it, the men played France to a 12-12 draw. Lots to be proud of and lots to look forward to for the 2028 Summer Games in Los Angeles!

How can we get involved?

Loads of new people are reaching out to see how they can find out more about rugby for themselves and/or for their children. This is a fantastic opportunity for new and existing programs.

The High School Fall 7s season is shaping up to be another record breaking tournament! The season begins on Sunday, September 22nd, and runs through Sunday, October 27th. If you are coaching a fall team and have not completed the Fall 7s survey, here's a [link](#) for that survey. High School registration is expected to open next week.

Do you have a group of youth players who want to get started? Do you have a group that already plays and would love to play alongside the high school teams on Sundays this fall?

For any other groups that are looking to get involved, please click on the button below and tell us more about your interest. We can make new leagues. We can help with camps. You can host your own Olympic 7s tournament! Does your community have an after school program? We coordinate coaches (typically an adult and 2 high school players) and scheduling for after school programs. What about a high school touch rugby coed league? There are many, many options and we are here to help you get started!
